

# ReSTORE

As per Act 36 of 1947: B4638

Agent Details

Manufactured by: Skala Biotek

Reg no: 2012/103797/07

13 Helling Street | Protea Hoogte | Brackenfell | 7560

0861 106 566 | 076 261 6853

## BENEFITS

**RESTORE** contains seaweed extract and is a product for foliar and ground application.

**RESTORE** is used for pre and post stress periods, including any other factors that have a negative effect on plant metabolism, such as high temperature, low humidity, disease suppression, water lodging, hail, chemical and frost damage.

The application of **RESTORE** provides the plant with cytokines and nano-elements, and so prevent and restore the plant's metabolic process during and after stress periods.

**RESTORE** is suitable for aircraft and conventional application, as well as application through irrigations systems. Flood irrigation systems are excluded.

**RESTORE** is compatible with other foliar feedings products.

**RESTORE** is recommended in combination with **CROP CANDY**.

<b>Mangaan/Manganese</b>	<b>(Mn)</b>	<b>0.125g/kg</b>
<b>Koper/Copper</b>	<b>(Cu)</b>	<b>0.128g/kg</b>
<b>Yster/Iron</b>	<b>(Fe)</b>	<b>0.375g/kg</b>
<b>Sink/Zink</b>	<b>(Zn)</b>	<b>0.098g/kg</b>
<b>Boron/Boor</b>	<b>(B)</b>	<b>0.0127g/kg</b>
<b>Molibdeen/Molybdenum</b>	<b>(Mo)</b>	<b>0.0128g/kg</b>

**Contains Aschophyllum nodosum**  
**SG (20°C) : 1.010**

### DIRECTIONS FOR USE:

Only use as indicated. Read the warnings- and label precautions thoroughly.

Shake well before use.

Always dilute **RESTORE** with water before use. Use 1-2 L/ha (take plant density and tree age in consideration).

Before application consult your Skala Biotek representative.
